## Be a **ROLE MODEL.** **BUCKLE UP** Big Time!

Let's face it - our children are watching what we do, all the time. And chances are, they'll do the same thing.

**It's a fact,  
when adults buckle up,  
kids buckle up, too.**

Remember:

- ✓ For children ages 8-12, car crashes are the leading cause of death
- ✓ Six out of ten children who die in car crashes are not wearing seat belts.

**Big Brothers Big Sisters**  
reminds you to  
**be a good role model**  
when it comes to **traffic safety:**

- **ALWAYS** fasten your own safety belt.
- Ask **everyone** in your car to fasten their belts, too.
- **Never** drive under the influence of alcohol or drugs.
